

SENATOR PERSONS' MEASURE WOULD PROVIDE FOR THE TAXATION OF THE "INVISIBLE PROPERTY" OF GEORGIA.

**WOULD RUIN GEORGIA
SAYS CHAIRMAN AKIN**

"Legislation, if Passed, Will
Stop Progress," Says Sec-
retary Mangham—Minority
Report Will Be Made.

Following a two-hour debate on the bill introduced by President G. Ogden Persons, of the twenty-second, to amend the present tax equalization law by requiring the public assessment of the "invisible property" of the state, accounts, mortgages, stocks and bonds, and all other "chooses in action" the finance committee yesterday afternoon voted to report the measure favorably. The decision came, however, only after a long fight, during which Chairman Akin, of the fourth, denounced President Persons' bill as "drastic and dangerous," predicting that such a "wreck" would ruin Georgia, destroy the borrowing power of all our business men, and would bankrupt the state. Secretary Mangham asserted that the bill would stop progress and investment all over the state. This debate aroused the most impassioned arguments that this senate has heard. At the close of the meeting, Chairman Akin declared: "You'll regret this," and Secretary Mangham asserted that "this bill will create more excitement in the senate than all the prohibition and other bills in the legislature."

Purpose of the Bill.
In the words of the author, Senator Persons, the bill is "to require the public assessment of all accounts, mortgages, stocks and bonds, and all other 'chooses in action' to be returned to the tax receiver at their market value; be, in turn, assessed, and the return made to the tax equalizers of each county so as to have them put taxable values upon the returns thus made, and stamp their approval upon the instrument itself or list containing the instruments in lieu of the instrument, before the receipt of this state. It will automatically increase the personal property in this state owned and controlled by the class of money-lenders, the majority of whom does not now bear any burden of taxation."

After Senator Persons had explained and advocated his bill, Senator Moon, of the thirty-seventh, expressed his opposition to the measure. "The main criticism of our tax equalization law," said Moon, "is that it has increased the tax on land and finds the undivided land, but that it does not find any of the property, which Senator Persons' bill seeks to tax—notes, accounts, mortgages, stocks and bonds, and all other 'chooses in action' which you find that the tax rates will increase. This property is the property of the money lenders, whose property you tax and exempt by a thorough investigation."

Way Favoring Measure.
Senator Way, of the second, thought that the bill was a "wreck" and presented it to the legislature. Senator Boykin, of the seventeenth, favored the measure, saying: "The bill, if my constituents, be said, is a square tax equalization law that will stand up to the vaults and safes that will be put on your books. If you put the notes now in the banks in Atlanta before the senators, you will find that the world is doing 75 per cent of its business, and if you put a man's business notoriously before the public you will kill that business."

Every speech had been a warm endorsement of Senator Persons' measure until Chairman Akin, leaving the presiding officer's chair, addressed the committee. He said in part: "As a business proposition, it would put into bankruptcy innumerable firms in Georgia. I have never seen a measure so drastic and dangerous as this legislation. Ninety per cent of your business men are in the hands of the law. If you pass this measure, you will ruin Georgia and will put on the tax books the state \$100,000,000. It will once for all silence attack on the tax equalization law."

Every speech had been a warm endorsement of Senator Persons' measure until Chairman Akin, leaving the presiding officer's chair, addressed the committee. He said in part: "As a business proposition, it would put into bankruptcy innumerable firms in Georgia. I have never seen a measure so drastic and dangerous as this legislation. CHIEF BEAVERS SAYS HE HAS INVESTIGATED EMPIRE HOTEL AND FOUND CHARGES TO BE GROUNDLESS.

The aftermath of the verbal war of Sunday between Marion Jackson, of the Men and Religion Forward Movement, and Chairman Edwin Johnson, of the council police committee, indicated Monday that three results would follow: First—The general council will ignore the resolutions of the Sunday meeting, calling on them to revoke all locker club and saloon licenses, and Second—That the police commission will call Chief of Police James J. Beavers to account for not carrying out some of the recommendations of the resolutions as authorized in the adoption of the probe committee's report, and Third—That the police will be called on to draw their net tighter on alleged instigators of vice in Atlanta.

Chief Beavers Blamed.
When Chairman Johnson charged that Marion Jackson received a portion of his income from the Empire hotel and intimated that that hotel was not what it ought to be, Mr. Jackson declared that if the hotel was not run properly it was up to Mr. Johnson and his police committee to get it straightened out. Police Commissioner Andy King Monday placed the blame for reports against the hotel at the doors of Chief Beavers. He declared that "Chief Beavers, who is strongly allied with the Men and Religion Movement, approved the hotel permit for the Empire hotel, and he above all should be held responsible if there is anything wrong with it."

Commissioner King stated that he was astounded to find from one of the former members of Chief Beavers' vice squad the statement that "vice is rampant all over Atlanta and the police would be helpless to curb it, even if the entire 200 members of the force were to be running down suspicious characters."

Surprised to Hear This.
"I was surprised to hear this statement from a police officer," said Commissioner King, "and I am surprised to hear that Chief Beavers is absolutely true, as shown by the report of the probe committee." Commissioner King said that he was surprised to hear that Chief Beavers was absolutely true, as shown by the report of the probe committee. He said that he was surprised to hear that Chief Beavers was absolutely true, as shown by the report of the probe committee.

"Reports Are All Lies."
"I have been investigating reports that there were sixteen women of low character living at the Empire hotel, and I have found that to be all lies. There were only two women stopping at the Empire. One was a married woman, and the other was a stranger in town, of whom no one knew anything about."

Empire Hotel Racket Is an Old Story.
"The Empire hotel racket is an old story," said Chief Beavers. "It is a scheme of my constituents to get something out of me to fire me. It is a scheme of my constituents to get something out of me to fire me. It is a scheme of my constituents to get something out of me to fire me."

Everybody loves a bargain, and nearly everybody is constantly on the lookout for opportunities for the saving of money in the buying of merchandise.
The Constitution carries daily the advertising columns the stories of goods which may be purchased to advantage at Atlanta's many retail establishments.
Do you watch them?
If you do not, you are missing a chance to get the goods you desire may be on hand today at a price that will attract you.
If you do not come often, you will miss the goods you desire may be on hand today at a price that will attract you.
If you do not come often, you will miss the goods you desire may be on hand today at a price that will attract you.

No Concealment of Fact at Washington That German- American Relations Are More Strained Than Ever.

**NOT ONE AMERICAN RIGHT
WILL BE SURRENDERED**

**American Reply Will Also
Declare Position United
States Will Take Because
of Germany's Refusal to
Disavow Lusitania Horror.**

Washington, July 12.—Secretary of State Lansing spent most of today preparing data and opinions for the American reply to the latest note on submarine warfare. He indicated that he probably would not go to Cornhill, N. H., but that President Wilson would return here at the end of the week. The situation was described in official quarters as critical, and there was no concealment of the fact that relations between Germany and the United States had become more strained than at any time in their history.

High officials said the policy of the American government would be worked out carefully and that to meet the situation firmly the utmost deliberation was required. This information was given out that a delay of possibly a week or more in preparing an answer might not be misinterpreted as meaning that the United States had taken in the two notes already sent to Berlin.

American intentions to be stated.
There was discussion among officials of the contents of the German note. The trend of their opinions was that the German position was one of deliberate defiance, and that the next communication from the United States must state to the German government that the American intention is to take the position it will take with reference to Germany's refusal to disavow the sinking of the Lusitania. Something more specific and positive than has been said in the notes which the United States has sent since the submarine war zone was declared is expected.

Officials gave the impression that there would be no further argument about the submarine war zone. The note would be brief and state a general policy, and that the American government would not be bound by the terms of the German note.

No Surrender of American Rights.
There is indication in official quarters that the relations between Germany and the United States have become more strained than at any time in their history. The American government will not surrender any of its rights, and it is expected that the American reply will state this clearly.

President Wilson's position is clear.
The president today received the official text of the German note and immediately began consideration of the situation. He is expected to make a statement to the public regarding the situation, and it is expected that his statement will be a strong one.

Secretary Lansing's position is clear.
Secretary Lansing today received the official text of the German note and immediately began consideration of the situation. He is expected to make a statement to the public regarding the situation, and it is expected that his statement will be a strong one.

He Will Work for the U. S. Navy OF AMERICAN INVENTORS OF SUBMARINE WARFARE

**Noted Inventor Accepts In-
vitation to Become Head
of Naval Bureau of Inven-
tion and Development.**

**OTHER NOTED INVENTORS
TO WORK WITH EDISON**

West Orange, N. J., July 12.—Thomas A. Edison has accepted an invitation from Secretary of the Navy to become head of a bureau of invention and development to be created in the navy department. His acceptance will go forward immediately to Washington, where the new plans await word from the man "who can turn dreams into realities."

Mr. Edison's idea of utilizing the inventive genius of Americans in and out of the military and navy service, and his willingness to undertake the task of advising the proposed bureau. The plan is to have several prominent American inventors work with Edison in the navy department.

Among the great problems to be laid before the inventors, the secretary said, would be the problem of utilizing the inventive genius of Americans in and out of the military and navy service, and his willingness to undertake the task of advising the proposed bureau.

VIOLETION OF LAW DENIED BY OFFICERS OF THE TURN VEREIN

Carl A. Kuebler, secretary of the Atlanta Turn Verein locker club, 25 1/2 South Pryor street, which was visited by the officers, said that he was leading a tour of all the clubs of the city and against whose manager and bartender charges were made of violating the city ordinance, denied Monday that he was the manager of the club.

"When the officers arrived seven or eight members of the club were in the building," Kuebler said. "However, the fans were turned on, since that is the coolest room in the building," said Mr. Kuebler. "The Turn Verein club was in the Auditorium-Armory taking part in the Sunday concert and a few of our members were keeping cool. No trouble was caused by the fans. However, there was no disorder of any kind."

The Turn Verein has been running for forty-three years here, and there has never been any disorderly conduct. The officers presumed that we were violating the law and keeping open on Sunday, but were in error, as absolutely no liquors were served to any members in the buffet."

The cases docketed against officials of the Turn Verein and the Freundschaftsbund society will be heard in the recorder's court this morning.

The story of the disappearance of the funds of the Atlanta Chinese lodge of Free Masonry and of the alleged departure from Atlanta at the same time of Gie Kuck Som, the treasurer was told the police last night by Joe Jung, one of the members, and by Lum Joe, the secretary.

The Chinamen told the officers that there had been about \$3,500 in the treasury, this money being the voluntary weekly contributions from members of the Atlanta colony. The sum was to be used to send old Chinamen back to China, to take care of the poor, and to buy ammunition and arms, should their country and Japan ever

The two lodge members appealed to the police to aid in the search for Glen Kuck Som, and to arrest at once Glen Tom Lee, his brother. The detectives are now on the lookout for him. The lodge has offered a reward for the capture of the missing treasurer.

Building Boom for Lyons.
Lyons, Ga., July 12.—(Special.)—A building boom is on in Lyons. Several dwellings are under construction, a new city hall has just been completed at a cost of \$15,000 and an addition has been built to the public school building at a cost of \$10,000. William L. J. Cowart has under course of construction a handsome bungalow, and valuable improvements have been made on the government building.

Why Suffer With Impure Blood

An Effective Remedy That Can Be Relied Upon.

You can step into almost any drug store in the U. S. and get a bottle of S. S. S., the famous blood purifier. So there is no need to struggle or suffer with any blood disorder. It doesn't make any difference how severe is the outbreak, S. S. S. will overcome it. This famous remedy gets into your blood at once; it works with a will, it just simply annihilates disease germs, it drives them out, converts them into a harmless substance for quick elimination. Get a bottle today and you will quickly realize that S. S. S. is just as essential to blood health as are the meats, fats, grains and sugars of our daily food. And if you're in a stubborn case, write at once to the Medical Adviser, The Swift Specific Co., 112 Swift Bldg., Atlanta, Ga. He will put you right. This department has been of incalculable service to a host of men and women. It has enabled them to understand their true condition, to take care of themselves in the right way, to so use S. S. S. in conjunction with healthful habits as to obtain the desired results without mistakes. Do not accept any of the horde of substitutes so often displayed for those who are easily misled. S. S. S. has been the standard for half a century and is unquestionably the safest medicine you can use.

LUNG-VITA CONQUERS CONSUMPTION

By destroying the tubercular germs and by building up and strengthening the weakened system. It is not a temporary relief, but a permanent cure of the disease. If you have lung trouble or asthma, get LUNG-VITA from Your Druggist and Get Well.

If you will send me a box of Lung-Vita, write to Nashville Medical Co., 220 Shaver Bldg., Nashville, Tenn. Druggists Supplied by Atlanta Jobbers.

Invokes God's Reward for Pellagra Cure

Jumbo, Va.—J. H. Satterwhite writes: "I want to thank you for what you have done for me. You have cured my wife. God bless you in your work. I hope some day to see you; if I never see you I hope to meet you in heaven. God will reward you for your grand and noble work."

There is no longer any doubt that pellagra can be cured. Don't delay until it is too late. It is your duty to consult the resourceful Baughn.

The symptoms—hands red like sunburn, skin peeling off, sore mouth, the lips, throat and tongue a flaming red, with mucus and chokings; indigestion and nausea, either diarrhoea or constipation. There is hope; get Baughn's big Free book on Pellagra and learn about the remedy for Pellagra that has at last been found. Address: American Compounding Co., Box 2903, Jasper, Ala. Remembering money is refunded in any case where the remedy fails to cure—(adv.)

BUSINESS AGENTS ARE PLentiful

Money Is Plentiful and Conditions Are Normal Again, Report Bradstreet Company Superintendents.

Declaring that the day would soon dawn when the only man not having business would be the one who did not go after it, J. E. C. Pedder, local and division superintendent of the Bradstreet company, called together fourteen district superintendents for their annual meeting of three days, yesterday, in the Empire building.

Reports showing that business conditions in the south had already attained normal, that money was plentiful in their several districts and that cotton mills were working overtime on war orders, were made by each of the superintendents present. The numbers of unemployed are rapidly decreasing, they say, and there has been a marked increase in business within the last sixty days. While the cotton crop is large, it was the consensus of opinion that the tendency to diversification was more pronounced today than ever before.

Savannah Holding Over.
"We are not entirely dependent upon cotton shipments," said W. R. Stewart, district superintendent at Savannah, "because of the diversity of interests in Savannah. In public affairs we are probably going ahead better than any other city in the state. In financial affairs, Savannah is holding her own. Our bank clearings for the first half of 1915 were larger than those for the first half of 1914, and the fall business is going to be as good as that of last fall. It requires more than a war of 3,000 miles distant to make us pessimists."

That Charleston is now in the first stages of its greatest development, and that more large industries with plenty of capital had been started there within the last five years than in the twenty years previous was the optimistic statement of F. W. Renneker, reporting on Charleston and vicinity.

"In middle Georgia financial institutions show large reserves," said L. S. Lewis, in charge of the Macon office. "Cotton acreage has been materially reduced and the cost of its production is the cheapest in years, occasioned by the rigid economy on the part of the farmers. A good price is being anticipated. Indications point to a bumper corn crop."

"Within the last few months numerous inquiries have been made by various enterprises and industries, who propose establishing plants on the Georgia river, now that the waterway is to be utilized. A 10 per cent reduction in freight rates will be brought about, or a saving of \$100,000 to \$200,000 to the commercial interests per annum."

Bolton Optimistic.
A feeling of optimism prevails in Mobile, according to the statements of J. R. Jones, superintendent of the district. "A revival in the lumber business and the consequent reopening of many mills to handle large orders is generally noticeable," he says. "The postoffice receipts show a decided increase. Citrus farmers have organized for better marketing facilities. Cotton, corn and potato crops are in splendid condition and farmers have diversified more than in years."

The chief industries of Jacksonville, Fla., such as naval stores, phosphate and sugar, are all doing well, even, despite the depression caused by the war, according to George A. Pollin. "Wholesale dealers in groceries, dry goods and hardware report the volume of business about normal for this season," said W. W. Barnes, of Augusta, and in some instances have reported last year's figures. Retailers in all lines report business of from 10 to 25 per cent. A factor in this condition are the unseasonable weather conditions in June and the consumers being economical in their purchases. This section as a whole, the condition of the cotton crop is estimated at 80 per cent at the present time.

DUBLIN LAWYER DIES.

Col. H. P. Howard Succumbs to Heart Failure.

Dublin, Ga., July 12.—(Special.)—H. P. Howard, one of the oldest and best known lawyers in this county, died Sunday morning from heart trouble.

He was found dead in his room by a friend who called on him, and had apparently been dead only a short time. A coroner's jury returned a verdict of death due to a heart attack, which he had been afflicted for some time.

He was 59 years of age and came to Laurens from Wilkinson county in 1863. He was a native of Georgia, born in 1854, and had practiced law steadily since that time, having enjoyed a high reputation for ability. He is survived by six children, J. J. A. George Howard, Mrs. J. A. Turner, and Mrs. S. J. Adams, of Alamo. Funeral services were held in the Baptist church this afternoon, and in interment followed in Northview cemetery.

POLK TO PLEAD INSANITY FOR KILLING OF HIS WIFE

Milledgeville, Ga., July 12.—(Special.)—The trial of C. F. Polk, who killed his last wife last January, has been postponed until next Monday. The case will be heard fought by both sides.

Attorneys John T. Atkins and Sibley represent the prisoner. Solicitor Joe Fottie will be assisted in the prosecution by Judge R. L. Greer, of Montgomery. The case of the defendant, Polk shot his wife one morning while negotiating a domestic quarrel. Polk was night operator at the telephone exchange and was a salaried man for many years and the murder was committed at the home of John Cooper, near the institution.

COBB SUNDAY SCHOOLS HAVE SUCCESSFUL MEET

Aacworth, Ga., July 12.—(Special.)—The annual convention of the Cobb County Sunday School association has just closed in Aacworth the most successful meeting this association has yet held.

Walter Abbott, the county president, had arranged a fine program. The speakers were Judge H. Patterson of the Blue Ridge Circuit; A. R. Caldwell, superintendent of Police de Leon Avenue Baptist church, Atlanta; Miss Flora Davis, assistant state secretary of state association; Professor H. R. Hunt, president Seventh District Art, cultural college, Macon; J. J. Daniel, of Marietta, and others.

Americus Pulling for the Next Annual Convention Weekly Press Editors

Americus, Ga., July 12.—(Special.)—The Americus Chamber of Commerce sent a representative delegation to Eastman tonight to extend upon the part of that organization and The Times-Recorder an invitation to the Georgia Weekly Press association to hold its next annual convention in Americus. This city will entertain several prominent organizations next year, and is anxious to have the weekly editors as well.

SCORCHING WEATHER TO CONTINUE TODAY; MERCURY REACHES 92

Having just emerged from a scorching midsummer day, Atlanta and territory will this morning embark upon a similarly stifling one with cloudless skies and a heartless sun. The mercury has started on its midsummer climb. Monday was one of the hottest days of the season, the mercury registering 92 degrees at 2 o'clock, prior to which time it had been on a steady climb since 8 o'clock, when it had registered 80 degrees.

However, there is consolation in the fact that today will be one minute shorter, the sun rising at 6:34 and setting at 6:50.

Don't Visit the California Expositions

Without a supply of Allen's Foot-Powder, the antiseptic powder to be shaken into the shoes, or dissolved in the foot-bath. The Standard Register for ten years. It gives instant relief to tired, aching feet and prevents swollen, hot feet. One lady writes: "I enjoyed every minute of my stay at the Exposition, thanks to Allen's Foot-Powder in my shoes. Get it 702A."

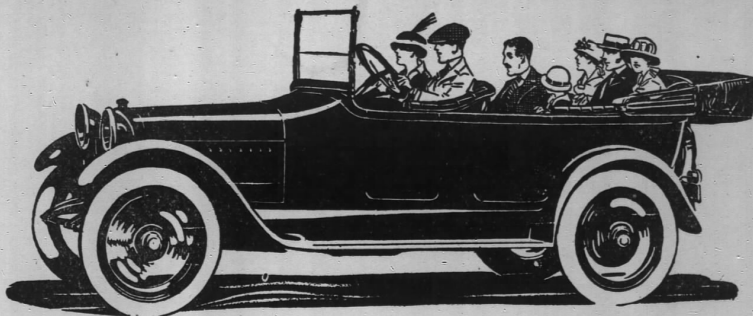

Editor Alden Blethen Dead.

Seattle, Wash., July 12.—Alden Blethen, editor and publisher of The Seattle Times, died late today. He was 63 years old.

The barometer was invented in 1643.

DINING CARS

WITH A LA CARTE SERVICE TO CINCINNATI & LOUISVILLE

Chalmers Six-48 Now \$1550

Big Seven-Passenger Touring Car

At last you can get one of the biggest motor cars on the market at the price you have been considering—one of the most luxurious motor cars made by one of the great leaders of the higher-priced motor-car field.

At last you can get a car at a reduced price that hasn't one bit of value taken out of it.

At last you can get at the price of cheap cars, a Chalmers car—a car that 10,000 owners have run for two years at the lowest record for real economy of upkeep ever known.

Cut From \$1925

This car was placed on the market two years ago at \$1925. Thousands were sold at that price. Then the car was reduced to \$1725 and we sold thousands more at this figure.

Most of these cars went to New York, Philadelphia, Boston and Chicago, where the list of Chalmers Six-48 owners reads like the Blue Book.

They were not bought merely by those who felt that \$1725 was all they could afford to pay for an automobile, but by people who could afford any car.

Over a thousand Six-48's are operating in the New York City district alone, yet one man at the Chalmers New York branch attends to all repairs or adjustments that have ever been necessary.

Not a Made-Over Car

Thus you see that it is not a made-over car to meet a lower price; it is the same high-grade quality car that originally sold at \$1925.

Think of it!—this car at \$1550—\$375 cheaper than its first selling price—and then people wondered how we could make it at less than \$2000.

Why, a great motor manufacturer once said to us: "It is the finest motor in material and workmanship we have ever seen (the one in this car at \$1550). We are frank to say that we have never turned out a better motor, even for higher-priced cars. No company that we know is turning out a motor with such high-class workmanship as you put on this one."

Look Beneath the Surface

Statements like this should make the prospective motor-car purchaser look beneath the surface of claims of all motor-car manufacturers nowadays.

The prospective purchaser can't tell by looking at a finished car what is in the chassis. If he is a man of mechanical knowledge he can tell something by close examination of the chassis.

But even then he can't find such differences as this motor manufacturer found in our motor.

But those who see Chalmers Cars in the making see these differences.

That's why we proudly call attention to the fact that we have never lost a single sale to a prospective purchaser who made a trip through the Chalmers factory.

Talk to Owners of This Car

Many of your neighbors in Atlanta and vicinity are running this car now—ask any of them about it.

It is the car of Quality—Plus. It is the car of Quality, because the Chalmers Motor Company has never succumbed to the temptation to make cheap cars. When we cannot build quality cars we will go out of business.

It is the car of Quality—Plus, because, with new plans for quadrupled production, new organization and the biggest business in our history, we can make Quality Cars at prices which make this Six-48 absolutely the best "buy" in the field of cars priced from \$1200 to \$2000 today.

We are not given to over-statements. Hence we ask the privilege of proving this rather strong claim.

May we show you this car, today?

The Car of Quality—Plus

Chalmers Motor Co.

"Let Your Next Car Be a Chalmers"

AUDITOR FOR STATE FAVORED BY SENATORS

Senator Boykin Expresses Surprise at Georgia's Unbusiness-like Methods.

To create the office of auditor of state accounts with a salary of \$10,000 a year and an office in the capitol was the purpose of the bill introduced by Senator J. O. Adams, of the thirty-third, which was reported favorably by the senate finance committee yesterday afternoon.

The auditor is to be appointed by the governor, to hold office for four years and have charge of auditing all the claims against the state or against any state institution. The auditor, it is stipulated, must be an expert accountant and bookkeeper. He is to have two assistants.

Perfecting This Act.
This bill embodied every idea along this line that has been thought of for the past six years, said Senator Adams, advocating its measure. "For all that time we have been trying to perfect this act."

In defending Senator Adams' proposition, Senator Boykin expressed surprise at Georgia's unbusiness-like methods that had let the state go so long without an auditor. He said that the state needed a good man to check up on all receipts and expenditures.

The bill was recommended for passage by a unanimous vote of the senate Monday afternoon. The finance committee reported favorably on the bill. Senator Boykin said that the bill was a long overdue measure and that it was a good idea to have an auditor of state accounts.

Period Makes Address.
The Western and Atlantic railroad committee of the senate met Monday morning to hear Henry Periot, construction expert in the employ of the Atlantic, Waycross and Gulf railroad, propose a plan to extend the road to the north.

The joint Western and Atlantic committee from the house and senate met Monday evening at 8 o'clock in the senate chamber. The committee will discuss the proposed extension of the Atlantic, Waycross and Gulf railroad to the north.

Thursday afternoon at 2:30 o'clock the joint committee will give audience to anyone who may wish to appear before them on any phase of the question. The committee will also hear the general assembly desire will give to the committee the state's property.

Senate Is Busy.
The senate held a very busy session Monday morning. The senate held a session Monday morning. The senate held a session Monday morning.

Final arrangements have been made for the dinner in honor of Governor Harris, G. O. Persons, president of the senate, will deliver the address. The dinner will be given at the capitol.

Arrangements Made For Entertainment Of General Assembly.
Final arrangements have been made for the dinner in honor of Governor Harris, G. O. Persons, president of the senate, will deliver the address.

Heimer's Case Goes To Supreme Court Of United States.
Judge "Dick" Russell, chief justice of the court of appeals, on Monday granted to Attorney John R. Cooper, of the law firm of Cooper, Smith & Smith, a writ of error, allowing him to carry out his plan of carrying out his plan.

The three women and four men arrested at No. 117 Ivy street, Monday night, were not tried Monday, and the blanket was not tried Monday, and the blanket was not tried Monday.

County Policemen Lauded By The Chief.
It was stated yesterday by Chief George Matheson that the county police system of Fulton county was the most efficient of any department of its kind in the country.

Recorder Frees Men And Women Arrested In Raid.
Grace Grant, Carrie Smith, Ruby Smith, Calmer Price and J. D. Milhouse, arrested by Officers Hudson and Dorsett at No. 9 Brotherton street Sunday night during the crusade against disorderly houses, were released on Monday morning when evidence failed to prove that they had been disorderly.

See Our New Full Engraved Sterling Silver Vanity Case At \$10.00.
In our new window we are displaying a new and handsome Vanity Case at the special price of \$10.00.

It is the regular size, fitted with clasp for cards; adorned with mirrors, memoranda tablet and puff, engraved on front and back and inside.

It is the best case we have ever shown for anything like the price asked for it. You could hardly duplicate it for less than \$12.50.

Call and let us show it to you. Write for 160-page illustrated catalogue for 1915.

Maier & Berke, Inc. 31 Whitehall St. Established 1887.

TORPENS AND TITLE BASE IS REPOSED

Committee Appointed by Senate and House Recommends Adoption of the System.

The fight for the passage of the Torrens and title bill, which was lost in the last senate assembly, was renewed yesterday when the ad interim committee, appointed by the house and senate of 1914 to investigate this system of guaranteeing land titles, made its report to the house recommending its adoption by Georgia.

S. M. Turner of Brooks, introduced a bill providing for the adoption of the Torrens system when this term opened. The house ordered 100 yeas and nays on the bill, which was reported by the committee on the day of its introduction.

The committee was headed by R. N. Holtzclaw, of Houston, chairman; S. M. Turner of Brooks, and Judge Arthur G. Powell, of Atlanta.

The most of the remainder of the time of the house Monday was consumed in the argument of the "default" tax collector bill, introduced by Mr. Davidson, of Putnam. The bill provided legal protection for tax collectors in all parts of the state through the provision of a lien on the property.

The resolution of Andrews, of Fulton, to amend the constitution to provide for a Mississippi river levee was also discussed. When the house adjourned on Friday, Mr. Davidson had the floor in favor of his bill, as did also Mr. Davidson, of Richmond, and Culpender, of Newberry.

The debate had not concluded at the adjournment. The resolution of Andrews, of Fulton, to amend the constitution to provide for a Mississippi river levee was also discussed.

ASKS INCREASED PAY FOR ATTORNEYS GENERAL.
Mr. Davidson Asks if They Write Opinions for Supreme Court Judges.

A mild sensation was sprung in the senate Monday afternoon when Mr. Davidson, of Putnam, suggested that stenographers of the Georgia supreme court write the opinions in the cases decided by the court.

Mr. Davidson, of Putnam, suggested that stenographers of the Georgia supreme court write the opinions in the cases decided by the court. He said that the stenographers were already doing this work in many of the courts.

NATIONAL LEAGUE ADOPTS PLAYER LIMIT OF 21

New York, July 12.—The National league today adopted a rule making the player limit twenty-one for each club. The rule had remained in abeyance since it was proposed last December.

No player under suspension will be included in the list of "disabled" players, for whom other players may be substituted, but the rule has been made sufficiently elastic to enable a club not to be crippled in playing

strength through any of its team members being incapacitated through illness or injury.

A suspended player must be counted in the twenty-one limit and the only recourse for a club in such a case is to appeal to the national commission for its reinstatement. Requests to have a player's name transferred to the "disabled" list must be certified to the president of the league within forty-eight hours after an injury occurs. A player on the "disabled" list will not be allowed to participate as a player in a championship game for at least ten consecutive days, including the day of his injury. President Fennel said that today's rule was the result of regular monthly conferences of the league which would be held until the end of the playing season.

Into B.V.D. Means "Back To Nature"

NATURE intended the body to be free and unconfined, not trussed up in tight-fitting underclothes that shut off the air. Loose Fitting B.V.D. lets the air at your body, cooling it.

Firmly insist upon seeing the B.V.D. Red Woven Label, and firmly refuse to take any Athletic Underwear without it. Then you'll get properly cut, correctly made, long-service underwear.

On every B.V.D. Undergarment is sewed

ADAIR WILL ATTEND WESTERN AMATEUR

G. W. and Perry Leave Here
Thursday to Participate in
Meet at Cleveland.

G. W. Adair and his son, Perry, will represent the south in the western amateur golf tournament, which will be played at Cleveland, Ohio, next Monday.

The Adairs will leave Atlanta Thursday for Cleveland, arriving there Friday morning. They will have a day's practice over the championship course.

SOUTH ATLANTIC

Gamecocks 2, Indians 2.

Columbia, S. C., July 12.—The Gamecocks won the eighth scored game from the Indians by a score of 2 to 2. A wonderful catch by the Indians' outfielder, Crawford, and a hit by Finnegan, secured the tie.

Score by innings: R. H. E.

New York, July 12.—The cotton market was very much unsettled again today, but toward the end of the day, after a period of active trading, it rallied sharply with the close strong at a net advance of 14 to 18 points.

Liverpool was better than due and the opening here was firm at a decline of 4 points on August, but generally it was covered the end of last day, and after a period of active trading, it rallied sharply with the close strong at a net advance of 14 to 18 points.

After the close of Liverpool about 1000 bales were sold, and the market was covered. The market was covered. The market was covered.

PACKAGE OF 100 FREE TO CONSTITUTION READER

At last! Something for nothing! It has been said that no one ever gets anything for nothing, but here is a chance where you may really get something—and something mighty good, too—for nothing—absolutely free.

Read the "Want Ad" page of today's Constitution, and if you find your name there, you may call at the Constitution office and receive absolutely free a big package of Heckin's famous Dead-head lead.

The Constitution will select at random each day from the city directory a number of names of Atlanta leaders. Maybe your name is there today. If not today, perhaps it will be there tomorrow. Look each day, for it is likely to appear at any time.

Whenever your name appears all you have to do is call or send to The Constitution office and get your fine package of lead free.

For these sweltering days there is nothing better than a big frosty glass of tea, with the ice tinkling in it.
